MARINES GO THROUGH JOS. B. BATES SURGED TO BE CANDIDATE FOR OFFICE
WITH THREE BOYS FROM OGDEN

A troop train filled with Marines, passed through Ogden last night. On the train were three Ogden boys, Fred Jackson, Robert T. Greenwell and Abe Malone. The approach of the train was not known until nearly midnight and relatives of the young men were at the depot to greet them and pass an abundant feast to them. The three were given special permission to leave the train at Ogden to greet their people and enjoyed a half hour's visit. At Lovelock, Nevada, some of the men reported, citizens met the train and gave them such a reception and welcome as they had never enjoyed before. They were showered with gifts of fruit, candy, nuts, lunches and smoking materials and the Marine quartette, of which Greenwell is a member, sang several barracks room ditties for them which drew an immense applause.

Wanted—Man for janitor work at Cozy Theatre.

Joseph B. Bates, newspaper man and attorney, has been mentioned by many Democrats of the city as a possible nominee for county attorney on the Democratic ticket.
The convention to name candidates opens at 10 o'clock tomorrow morning at the court house.
Mr. Bates is one of the young attorneys of the city having been admitted to practice in March of this year. He is particularly fitted for the post of county prosecutor as he has specialized in criminal law. Since being admitted to the bar, Mr. Bates has been associated in the office of S. P. Hobbs, the district attorney.

The Democratic county convention tomorrow will name the county and legislative tickets and the delegates to the state and congressional conventions which are to be held in Salt Lake.

The legislative ticket will probably be headed by Joseph Chex for state senator. The following will probably be named for the lower house of the state legislature:
Dr. E. M. Conroy, Ogden; D. D. McKay, Huntsville; D. L. Boyle, as the labor candidate, Ogden; James R. Beus, Hooper.

The county ticket will probably be as follows:
Clerk, Charles M. Ramey; Sheriff, H. C. Peterson; Recorder, Miss Kathryn Higginbotham; Assessor, O. M. Sanderson; Attorney, Joseph Bates; Charles L. Farr; Joseph L. Peterson; J. M. Child, D. H. Ensign or H. H. Goddard, county commissioners; W. N. Farr, Gus Troilicht, Charles Kingston and A. V. Hulsh, treasurer.

FOOD OFFICES IN THE CITY HAVE BEEN CONSOLIDATED

All food administration work in Weber county is now being handled at the city office in the Colonel Hudson building, under the direction of Administrator W. H. Shearman. The consolidation of the work for Ogden city and the county districts of the county was decided upon by State Food Administrator W. W. Armstrong, following the resignation of D. D. McKay as county administrator.

Mr. McKay's resignation was made necessary by press of other public work, primarily that devolving upon him as chairman of the Agricultural division of the State Liberty Loan committee. In accepting it by letter, Mr. Armstrong stated:

"It is with much regret that I accept your resignation as county food administrator for Weber county, and I write to assure you that we thoroughly appreciate your splendid assistance rendered during the particularly strenuous period in connection with the food administration matters. I refer to the handling of the sugar situation."

"We have decided that under all the circumstances it will doubtless be best to consolidate county and city offices in Weber county and Ogden city, and we are by this mail asking Mr. Shearman to serve as administrator for the entire county of Weber."

The decision to consolidate the offices was made following a conference between Mr. Armstrong and Mr. McKay at the former's office in Salt Lake City, at which all matters pertaining to the work was discussed. It was pointed out by Mr. McKay that the business relations between the city and county were so closely interlocked, a majority of the country people having been in the habit of buying the food supplies now under regulation in the city, that separate administration offices for the two units of population caused considerable misunderstanding and extra work for both.

In speaking of the food administration work today, Mr. McKay stated that the administration would continue to have his full support in its program for greater food production and conservation, and also that of the Weber county Farm Bureau, of which he is president.

ROSCOE C. GWILLIAM ON HIS WAY TO FLYING FIELD

Roscoe C. Gwilliam, former Ogden attorney who left to enter the Naval aviation service last February, is now on his way from Seattle to Pensacola, Florida, to take his course in actual flying.

After preliminary training at San Diego, he was sent to Seattle to attend the ground school. This school is governed by strict officers and Mr. Gwilliam was placed second in command as assistant commander. Last week his class in ground work was graduated and Mr. Gwilliam was third highest in the class, missing the second position by only one-tenth of a point. This course in ground work is taken by all prospective flyers before actual flying.

RAILROAD MEN IN YARDS WILL GO OVER THE TOP ON FIRST DAY OF BIG DRIVE

All the machinery is in motion for the making of a very successful fourth Liberty loan drive in all the departments of the Southern Pacific railroad. Work of organizing the effort was commenced under Superintendent Hickey in the shops today and it is believed with confidence that by tomorrow night a thousand signatures will have been received in that department alone.

On the third Liberty loan the Salt Lake division of the Southern Pacific was second of all the railroads in the country and far exceeded the expectations of those in charge of the drive. For the fourth loan quite as good result is expected, and it will be no surprise to those who know most about it if the subscription far exceeds any expectation that can be entertained at the moment, since so many railway men are fathers and brothers and near relatives of so many

of Uncle Sam's fighting men. It is deeply written on the railroad man's heart that, in buying the bonds, he is equipping his brother to fight a man's fight in a people's war against the most terrible of all the autocracies that have ever attempted to rule the earth.
Railroad men never earned bigger wages than right at this moment. From September 1 last wages have gone up in all branches of clerical, truck labor and maintenance way departments. The man who received \$90 a month before that date is now receiving \$115; the laborer who was then getting 25 cents an hour, is now receiving 37 cents, an eight-hour day and time and a half after ten hours' work. The men have the will, they also have the money; consequently one of Ogden's best reports on the loan will come from the smoky end of town where the trains run by.

CANDIDATES BEFORE CARRIED AWAY FOR THE DEMOCRATIC CONVENTION MAKING SEDITIOUS UTTERANCES

John M. Child of Harrisville has announced himself as a candidate for the office of four-year county commissioner on the Democratic ticket. Mr. Child is one of the most prominent residents of Weber county. He has been long responsible for building up the big Ogden Pressed Brick & Tile company, having been connected with it for 12 years and has been a progressive citizen at all times.

Another announcement on the Democratic side was made today when R. A. Saunders threw his hat into the ring for the position of county treasurer. Mr. Saunders has been a resident of Weber county for 35 years and is very well known. He has been a teacher for 11 years in the Weber county schools. He has been in business for a period of 13 years and is well known throughout the community for his integrity.

BORING FOR GAS TO WEST OF THIS CITY

The Ogden Oil & Gas company has started to bore for gas on the Covey farm in Wilson land.

At a depth of 50 feet a small flow of gas was encountered.
Ten-inch casing is being used and the company is equipped to go 2,000 feet if necessary.

DIVORCE SUITS

Two divorce suits were filed today in the district court.

Clara B. Richardson commenced action for divorce from Opal Richardson on the grounds of failure to provide. They were married Nov. 26, 1914 and she alleged her husband has failed to provide since December 15, 1917, for herself and a baby, two and one-half years old. She asks a decree of divorce, proper alimony, custody of the child, and attorney's fees.

Maud Griffin started suit against Orla L. Griffin for divorce alleging non-support. They were married August 10, 1910 and there are two children, a boy and a girl. She charges her husband with having failed to provide for her and the children for over a year.

BLACKMAN & GRIFFIN EMPLOYEES ARE MOST LOYAL

"Let's move volunteer day twenty-four hours ahead," said the employees of the Blackman & Griffin company of this city when the Fourth Liberty loan was mentioned at the company's offices yesterday afternoon. And they did. Every employee proved his loyalty to Uncle Sam by subscribing for a bond, thus placing the company in the one hundred per cent class.

Mr. Griffin of the firm, when interviewed on the subject simply said: "Our employees believe in the old adage about actions speaking louder than words, and their action in the matter of the Fourth Liberty loan speaks more eloquently for their loyalty and support of the government than anything else they could say."

In addition to their whole-hearted support of the Liberty loan, the organization points proudly to the fact that they also hold membership in the Thousand Dollar Trift Stamp club.

UTAH TODAY AND TOMORROW

CAROL S. BLACKWELL—"This is the first time in my screen career that I have had a wife thrust upon me in such a sensational manner. 'On Dangerous Ground' was an exceedingly interesting novel and every one of the thrills is intensified by its presentation in a motion picture."

And upon his return to his room Stewart, going to his grip, was astonished to find a quantity of woman's lingerie, a woman's shoe and other feminine articles in the grip. Unknown to himself he was already deeply involved in a web of intrigue.
The finding of the lingerie was followed by the sudden arrival in Stewart's room of a beautiful young girl. "My husband," this girl cried, throwing her arms around Stewart's neck, "I am so glad to see you again, my husband."

Stewart nearly collapsed from amazement.

Advance of Franco-Americans.
BERLIN, Sept. 27.—Via London.—The Franco-Americans succeeded in advancing beyond the foremost German fighting line as far as the heights northwest of Tahrur and Fontaine-en-Dormels.

PARIS, Sept. 27.—Marshal Foch launched his offensive by Franco-American forces on a larger scale than any of his previous offensive efforts. According to the latest advices, the attacking was progressing favorably all over the line.

The Allied commander's new stroke, when viewed in its relation to the whole campaign, shows the significance of the fighting that has taken place along the outposts of the Hindenburg line from Flanders to the Aisne.

This fighting was not to wrest from the enemy by dogged effort villages of more or less importance. It was primarily intended to force General Ludendorff to keep heavy forces on that part of the front and make it difficult for him to form a fresh strategic reserve and, while keeping things moving along the western Hindenburg positions, to let loose another hurricane on either side of the Argonne.
